Dear Mr. Knight

I have your very kind note. I
am greatly pleased to have your very
cordial endorsement - I hope the
refractor can be put in position so that
you may have the great satisfaction of
viewing interstellar space through it. I all
the old familiar objects of which you have
so freely spoken in ^{the} pleasant past. Many
congratulate me upon the gift but none whom

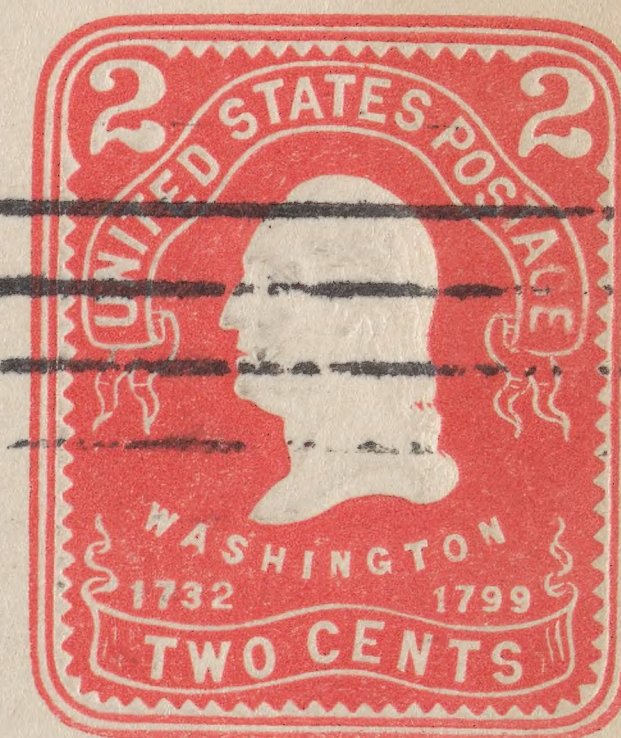

words give me more pleasure than
from down, behind me

Faithfully yours

Jess Hooker
